Teacher/parent note: The first eight names are from the Prophet’s own words in authentic hadith, and the other titles are from the Quran. “Al-Amin” is known from the Sirah. Some books list many more names (99, 201 and more); scholars explain that most of those describe his qualities, and the names in this pack are the ones with clear sources. Taha and Yasin are letters that open two surahs; many scholars say they are not names of the Prophet ﷺ. We say “peace be upon him” or ﷺ after his name.
